Diwali

Let's light
the Inner Light

During Diwali, you would have seen colourful lighting diyas in many houses. We enjoy seeing those lights, but does that give happiness to other jivas also? Is it appropriate to hurt others for our few moments of happiness?

When we light a diya with oil or ghee it causes harm to infinite Vayukaay and Agnikaay jivas and we bind Ashubh karma.

On the pious day of Diwali, Pramatma Mahavir lit a lamp of Mercy, Compassion, Humanity, Friendship, Ahimsa, Jivdaya and attained Nirvan and reached Moksh. He achieved the param pad of Sidhaa Siddhim.

In this Diwali I too will try to lit my inner lamp of Gnan.

This Diwali lets not light lamps or burst cracker's that would violently kill other living beings. Lets ignite the soul with virtues of friendship, kindness and compassion towards all.

Happy
New year

In this new year I want to become like Parmatma Mahavir and Gautam Swami.

Around 2600 years ago, at the dawn of new year, Gautam Swami had attained Keval Gnan. Do you know when can we attain Keval Gnan? When our soul sheds 4 Ghati Karmas, It achieves Keval Gnan

Our soul is also like the soul of Parmatma Mahavir and Gautam Swami.

In this new year lets make an Auspicious wish to attain Keval Gnan.

Lets welcome this New year with a Resolution.

Purity in thoughts will lead to prosperity.

Lets be humble and devoted as Guru Gautam Swami.

Since the day I have heard about sati Brahmi and sati Sundari who had shown the path of liberation to their brother Bahuwali who was in deep meditation, I too want to be a sister like them who can show the right path to my brother.

Today, I will take a word from my brother to serve Dev, Guru, Dhrama and parents. And use the wealth in service and for good cause.

Lets make this Bhai-Beej a Divine and unforgettable experience.

Lets take a promise today when we will reach the heights of success. we will never forget the first steps taken. we will never let success become an ego factor in our life. we will always remain humble and

Will a crystal shine if its covered with dust?

In the same way our Gnan is covered with layers of karma. To remove this layer we must do Gnan Pooja with Vinay on the day of Gnan Panchami in the sanidhya of Gurudev. This will also develop our wisdom.

Increase respect and feelings towards Gnan, Gnani and articles related to Gnan. We must do Anumodna of articles related to Gnan and even distribute them among friends and needy.

Let's enhance our knowledge on the day of Gyan Panchami.

To eliminate our knowledge, we should be polite and respectful.

In sanidhya of Rashtrasant
Param Gurudev Shree Namramuni Maharaj Saheb
